

Rainfall Forecast Somalia

Issued: 12/10/2016

Saadaasha Roobka Soomaaliya

Soo Baxay: 12/10/2016

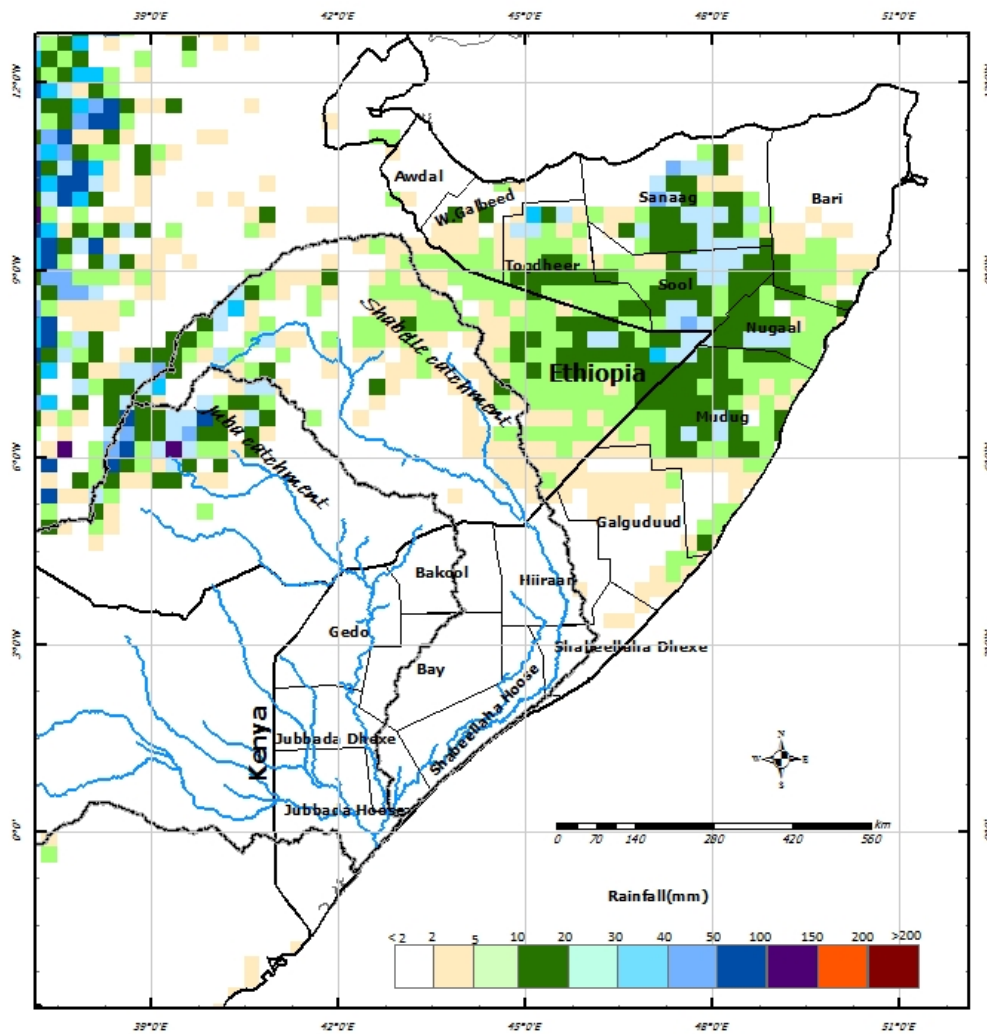

Food and Agriculture Organization
of the United Nations

Moderate rains have been reported in parts of Somaliland and Puntland in the last 24 hours. The rainfall forecast for the next three days points towards light rains of up to 40mm cumulatively in the inland parts of Somaliland and Puntland. The Upper parts of the Ethiopian highlands may experience light rains while rest of the country is expected to remain dry during the same period.

3-day accumulated rainfall forecast (12/10/2016 to 14/10/2016)

Each cell on the map represents the forecasted accumulated rainfall over the next 3 days / *Xubin walba oo naqshadda koorkeeda ah waxay muujinaysaa guud ahaan saadaasha roobka ee saddexda maalmood ee soo socota*
