

# Rainfall Forecast Somalia

**Issued: 13/05/2016**

Food and Agriculture Organization  
of the United Nations

Light to moderate rains are expected across Somalia in the next three days. Along the coastal areas of Bari and Nugal regions the forecast calls for moderate to high rains; while in the Ethiopian highlands scattered light to moderate rains will be experienced in the forecast period.

There is a **high** risk of flash floods in the coastal areas of Bari and Nugaal regions.

The river levels remain high in both Juba and Shabelle, with **high** risk of flooding along the two rivers.

## 3-day accumulated rainfall forecast (14/05/2016 to 16/05/2016)

Each cell on the map represents the forecasted accumulated rainfall over the next 72 hours
